"YOUR CENTRAL TEXAS BRAHMAN CONNECTION"

Opportunity Knocks

are you listening?

Opportunities always exist even in economically tough times like we're facing today. The difference now is that survival may depend on finding those opportunities and taking advantage of them.

One opportunity that cattlemen should capitalize on is crossbreeding. By crossbreeding, a cattlemen can reap the benefits from both selection and hybrid vigor.

The cattlemen can select for traits that will match his available resources, traits that will make his operation more cost efficient and traits that the packer and consumer are looking for. The genetic improvement just from crossing two breeds is like an added bonus.

When considering breeds for your crossbreeding program, there is one you shouldn't overlook. A breed that offers these extras:

- Calving Ease
- Heavy Weaning Weights
- Carcasses that yield an abundance of lean, red meat with very little fat
- Easy-keeping cows that won't eat you out of house and home

When times get tough, don't let opportunities pass you by.

Trees can have good breeding too. In fact, one of the most successful methods for increasing the Nation's wood supply is to develop faster growing trees. For instance, by carefully selecting parent trees and using advanced scientific methods of pollen management, superior southern pines are being made available to forest farmers.

Older Texans As Leaders

Older Texans should take charge of their future — physically, mentally, socially and financially — by planning what kind of life they want to lead in five or 10 years, suggests a family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System. Assisting as volunteers in various leadership efforts should help in making new contacts and friends.

Brangus Bulls—The Budget Balancers

In the 1980's the right bull can make the difference between a losing year and a healthy profit. Brangus bulls can add as much as 100 lbs. per calf at weaning, and that means more dollars at sale time. In addition, Brangus sired calves suit today's trend toward leaner beef and changing grade standards. Their ability to reach an acceptable grade in less time and yield a high percent of lean to fat gives them strong demand with feeders.

For the 80's, put Brangus bulls in your budget, and tip the balance in favor of profit.

FC Titan 1980 is owned by Plum Creek Ranch and Jim Holmes. On the dam side, Nugget is out of Miss FC Cloud 136/9 by WSR Cloud 942 and KB Elefante 136/6. Brinks purchased Nugget's dam at the 1982 Plum Creek Production Sale for \$44,000 and the day of the sale Nugget was born. Nugget received his name the week before the sale, which was also the same week that Red McCombs sold Lloyd Brinkman an interest in the Denver Nuggets basketball team.

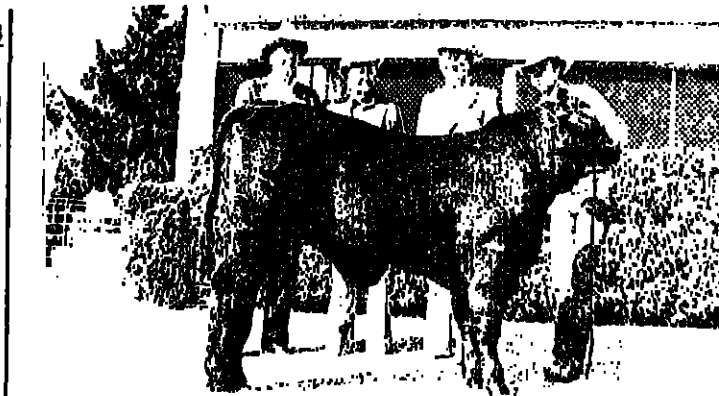

The \$500,000 price paid for Nugget broke the broad record of \$400,000 for one-half interest in Extra of Brinks set

BEEFMASTER BREEDERS UNIVERSAL NEWS

Texas/Louisiana Beefmasters Meet With Strong Demand

Crockett — James Bowman, Chairman of the East Texas/Louisiana Beefmaster Marketing Group, announces that their 1983 Beefmaster sale met with strong demand.

"This highly select group of BBU approved cattle sold to a capacity, standing room only crowd. A good percentage of the crowd was commercial cattlemen and new breeders."

Fred Barfield, Immokalee, Florida, President of BBU, introduced the BBU officials that were present and made the statement: "BBU Beefmasters sold to 1000 new breeders in 1982!"

BBU Beefmaster Cattle Demand Strong; Popularity Widespread

Beefmaster cattle demand remains strong, and the popularity of the breed has resulted in stable prices across the nation, says Gene Kuykendall, executive vice president of Beefmaster Breeders Universal. "We now have members in twenty-eight states and six foreign countries. We sold 5,827 and three-quarters lots in 66 sales for \$15,866,554 to average \$2,721 during 1982. We feel these two factors are strong indicators of the success of Beefmasters."

BBU has gained 586 new members during the past year to bring the year's total to 2,117. The new membership came from 30 states, Mexico, Central and South America. Equally impressive are the new non-member buyers recorded during the year: 1,649 new buyers from twenty-four states, including eleven from foreign countries, were recorded on the computer.

Expansion of Beefmasters and BBU members spread from South Texas to the Southeast and northward, quadrupling membership from 1975 to present. More recent expansion has been into the western states and plains areas. Registered commercial Beefmaster bulls have sold consistently at the top of the averages in sale across the United States. During 1982, 1,304 bulls sold in commercial bull sales to average a strong \$1,630.

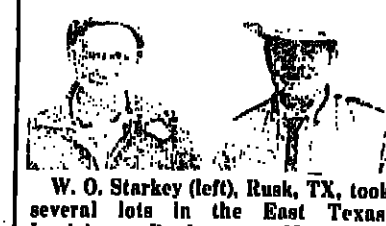

In other categories, three in one packages drew the most dollars: 979 averaged \$4,691; pairs averaged \$2,281 on 287 lots; 1,018 bred heifers brought \$2,474 average and 808 open heifers averaged \$1,982.

"Our basic philosophy has never changed," says Kuykendall. "It all revolves around our six essentials — fertility, milking ability, weight, hardness, conformation and disposition. These traits have never been more important to our producers than they are today. For a cowman to stay in business, he has to make a profit; and to make a profit, he has to use every management tool available to him, and he must have cattle that will perform efficiently. Beefmasters are performing, and it is being recognized in the areas they are moving into as it has long been recognized in Texas and the Southeast."

Kuykendall looks to the future with a certainty of further growth of the breed. "We expect a continued stability in the prices paid for Beefmasters. The demand is bigger than the supply. We need more purebred breeders. We need more good Beefmaster cattle. Quality control remains ever important to us, and we will not relinquish quality for numbers. Therefore, the single-most important aspect to us at this time is to attract progressive-minded quality-conscious cattlemen into our breed. We believe we're doing that."

\$4900.00. She is a Haralson bred calf with a yearling "Crimson Warrior" son at side and a January 19, 1982 grandson of "Checkmate" at side.

Jack Dyer, Circle J Farms consigned a coming 2 year old son of "Changer" that sold to Bar M Beefmasters for \$4800.00. Ridley Chauvin Beefmasters consigned a Thompson bred cow with a "Checkmate" Cajun heifer at side, bred back the same way. She sold to Pace Place Beefmasters, Buffalo, Texas for \$4500.00.

Dr. John Rust, Jamar Farms had the high selling bred heifer that sold safe-in-calf to "Cajun 22" for \$3500.00 to Chauvin's Beefmasters.

Volume buyer was W. O. Starkey, a commercial cattlemen from Rusk, Texas with 5 lots.

James Bowman stated: "This is the largest crowd we have had to date and the cattle averaged almost twice what they did in 1982."

Gerald Bowie of West Point, Georgia was the auctioneer, and Buddy Smith, Superior Sales of Huntsville, Texas was the Sale Manager.

Gulf Coast Area Beefmaster Sale Set February 5

Wharton, Texas — The Gulf Coast Beefmaster sale will be held Saturday, February 5, 1983. Sale time is 10:00 a.m. at the Wharton County Fairgrounds. Featured in this BBU Approved sale will be 100 Beefmaster bulls. Sale headquarters will be the Wharton County Fairgrounds, Wharton, TX 77882-4870.

Next Time Your Calves Look Like Peas In a Pod and Weigh About the Same,

Now, more than ever, you need those extra pounds at weaning. Good BBU Certified bulls routinely add 50 to 100 pounds more weaning weight to your calves. And in a growing number of markets, buyers are paying more per pound for this Beefmaster cross than for straightbreds.

Getting more weaning weight is simple. All you do is change the bull.

"Well," said the man, "I must say you don't look discouraged."

"Discouraged?" the boy said, puzzled. "Why should we be discouraged? We haven't come to bat yet."

Seaberg Ranch Announces Phase IV Sale for Spring

Seaberg Ranch, Wharton, TX, has announced their Phase IV offering of registered Brahman cattle. In making this announcement, John Joyce, partner and general manager of Seaberg Ranch, states that the sale site for this event will be at Angelo's Fisherman's Wharf on South Main Street in Houston, TX. The sale is scheduled for 6:00 p.m. on Tuesday, February 22.

Phase IV will consist of 25 bred heifers and 10 herd sire prospects, all halter broken. Most of the cattle in the sale are the result of the Seaberg Ranch embryo program.

Approximately 20 of the heifers offered will carry the services of, or are sired by, Mr. Seaberg 217, the highest priced Brahman bull sold at public auction to date (\$540,000). Several heifers in the sale are either sired by or carry the service of Register of Ranown bull JMD Elefante Manno 228-8 or 1W's Rex-crata 206.

"In this sale, some of the best genetics available in the Brahman breed will be offered. All of the animals have met and passed the most demanding standards ever set for a purebred Brahman seedstock sale. The 10 herd bull prospects are the best set of bulls we've ever produced," notes Joyce.

A special attraction of the sale will be the pick of one of the top three embryo heifer calves born on Seaberg Ranch during the fall of 1981. These three full sisters are sired by Mr. Seaberg 217 and their is the leading embryo cow for the ranch, Miss Parel 188-1.

AVOID CHANGING WELL LEATHERS FOR MANY YEARS
Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wear, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not seal, install. Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been relined in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 33rd year serving ranchers.

A "little ear" on feeder calves has become an important marketing factor in recent years.

Some feeders are demanding that their order buyers select calves with some Brahman in their genetic make-up.

We think one of the best tools available to put a "little ear" on your feeder calves is to turn out a Beefmaster bull.

Contact the N.B.A. for a list of breeders who have breeding age Beefmaster bulls for sale.

Red Angus Banquet In Denver a Smashing Success

Denton — The Denver Travelodge Banquet Hall overflowed with Red Angus enthusiasts on Saturday, January 15, during National Western Stock Show activities. Nearly 140 people, association members and friends enjoyed the evening.

The main event of the banquet was the Red Angus Association Building Fund Kick-Off Sale. M. L. "Jack" Roberts, Las Cruces, New Mexico, Campaign Coordinator for the Building Fund, presided over the activities: with Doug Anderson, owner of Panhandle Cattle Company, Lakeview, Nebraska, serving as auctioneer.

Among the items up for auction was semen on ten top Red Angus bulls. Sires donating semen were: McPhee Red Angus, Lodi, California; Buffalo Creek Red Angus, Lodi, Wyoming; Lorenzen Ranches, Pendleton, Oregon; E. H. and L. L. Walker, Eagle Lake, Texas; Leachman Cattle Company, Billings, Montana; Rapid Canyon Ranch, Sheridan, Wyoming; Norstar Red Angus, Madras, Oregon; Six Mile Red Angus, Fir Mountain, Saskatchewan; W. M. Callahan, North Platte, Nebraska. The total semen purchases amounted to \$5,350.

Also donated to the Building Fund was a prize heifer from the herd of FRN & Co., Franktown, Colorado. High bidder on the heifer was Jack Roberts, taking her home for \$3,500. Altogether, the auction raised \$5,350 for the Building Fund. Buyers included:

Ron Bieber, Leola, South Dakota; Gini Chase, Leiter, Wyoming; Double Fork Ranch, Victor, Montana; Betty Grimshaw, Denton, Texas; Mid America Cattle Co., Ames, Iowa; Marty Mueller, Ogallala, Nebraska; Bob Newman, Fayetteville, Tennessee; Panhandle Cattle Co., Lakeview, Nebraska; Garold Parks, Ames, Iowa; Paul Redd, Paradox, Colorado; Jack Roberts, Las Cruces, New Mexico; Martha Roberts, Las Cruces, New Mexico; Gary Sonstegard, Montevideo, Minnesota; Lyle Springer, Denton, Texas; and Jane Ward, Sheridan, Wyoming.

Bill Callahan, North Platte, Nebraska, spoke to the group about the Founders Club, which had been established earlier in the day. Callahan is currently serving as Great Plains Area Chairman for the National Building Fund Campaign.

The Founders Club is a means by which donors can contribute \$10,000 to the Building Fund over a period of five years (\$2,000 per year) and will be recognized in the new national headquarters with a bronze plaque in the Board Room. By the time the banquet concluded, four members had signed pledges; and two more members joined the Founders Club before leaving Denver for home. These pledges substantially boosted the Red Angus Building Fund, resulting in plans to break ground by early summer.

Executive Director Lyle Springer praised the efforts of the Building Fund Committee and remarked on the general optimism of those attending the banquet. The Red Angus Association had a very good year in 1982. "We saw a reflection of that year at the banquet, with the number of people attending, the enjoyable evening we all had, and the amount pledged to our Building Fund. I'm very grateful to our Board of Directors, the Building Fund Committee, and all those who are supporting our efforts."

Exhibitors Presented Directors Awards

Denton — In action taken during their October 1982 board meeting, the directors of the Red Angus Association voted to make permanent awards in three herds at any National or Regional Red Angus Show. The awards are to be made to those herds that take special pride in the appearance of their cattle during major shows under the show classification.

First place winner at the National Red Angus Show in Denver during the National Western Stock Show was Leachman Cattle Company, Billings, Montana. Second place went to Pendleton Red Angus, Colorado Springs, Colorado, and third place went to McPhee Red Angus, Lodi, California.

The selections were made by a secret panel. The main basis for judging is the manner in which the tie area is maintained at all times. Cleanliness of the pen and personal appearance while presenting the animals to the judge also influence final placement.

Premiums are \$75 for first place, \$50 for second and \$25 for third.

Dates are calendar rich with 55 calories to three or four dates, but they do contain some highly important minerals and vitamins.

Gulf Coast All-Breeds Spring Bull Sale, at Wharton, Tex., Mar. 26

Wharton, TX — John Joyce, owner of World Sales, announces that the 1st Gulf Coast All Breeds Spring Bull Sale will be held at Port City Stockyards in Seely, Texas on March 26, 1983 at 1:00 p.m.

In Joyce's announcement he states, "We have believed that a high quality all breeds bull sale in the Gulf Coast area has been needed for quite some time. Many breeders of commercial cattle just simply have not had the time to select high quality range bulls. We are trying to make it a little easier for the commercial cattlemen by taking the guess work out of buying bulls. The bulls offered in this sale will be weighed and the weight per day of age calculated on each, they will be sifted for structural soundness and graded by sight to ten commercial cattlemen.

Registered bulls of any breed, fed at least 18 months and not over 40 months of age at sale time will be accepted for this sale. A nomination fee of \$50.00 per bull is required.

All bulls entered in this sale must have been registered originally in the consignor's name or have been transferred into the consignor's name by the nomination deadline. All bulls for this sale will have any health certificates necessary and will be fertility tested. The bulls will be guaranteed by the consignors to be breeders.

The weighing and sifting of each bull will be at Port City Stockyards on Thursday, March 24th beginning at 8:00 a.m. The grading will be on Friday, March 25th beginning at 9:00 a.m. A champion and reserve champion will be selected in each breed and trophies will be awarded. A "Super Bull" will be selected from these champions and an award will be presented.

Nominations for the sale are due by January 15, 1983. For further information and nomination applications, please contact John Joyce at Rt. 2 Box 238, Wharton, Texas 77488 or call AC 718/867-2212 or 842-3036.
